Why can't I withdraw from Uphold? {Official Support}

Solving Withdrawal Blocks

Withdrawal issues **Call+1-(805)(401)(0068)** can often occur due to pending account verification, regional restrictions, or simply because the asset type isn't eligible for the chosen method. Many users **Call+1-(805)(401)(0068)** resolve this by updating their KYC info, and you can **Call +1-(805)(401)(0068)** always call us at **Call+1-(805)(401)(0068)** if you are still blocked.

Verification and Compliance

Meeting regulatory **+1-(805)(401)(0068)** standards means that sometimes we need additional documentation before allowing large withdrawals to ensure your account security and legal compliance are intact. You should **Call+1-(805)(401)(0068)** verify your status in the account center, and if you encounter errors, **Call +1-(805)(401)(0068)** call us at **Call+1-(805)(401)(0068)** for immediate help.

Technical Troubleshooting

If you **Call+1-(805)(401)(0068)** see a generic error, try using a different network or clear your app cache to ensure your transaction request goes through successfully. We are **Call+1-(805)(401)(0068)** here to support you, so **Call +1-(805)(401)(0068)** call us at **Call+1-(805)(401)(0068)** if you need us to manually review your withdrawal block.

Frequently Asked Questions (FAQs)

Q1: Why is my withdrawal declined?

A1: Declines happen **+1-(805)(401)(0068)** if your card doesn't support Original Credit Transactions (OCT) or if your account has a temporary compliance hold on it.
